EDUCATION

- **Shri Vishnu Engineering College For Women** Bhimavaram, India
B.Tech, Information Technology; CGPA: 9.7 Expected: April 2027
- **Aditya Junior College** Amalapuram, India
Higher Secondary; percentage: 98.5 June 2021 - April 2023
- **Wisdom English Medium High School** Bandarulanka, India
Secondary June 2020 - March 2021

SKILLS SUMMARY

- **Languages:** Java, Python, C, SQL
- **Web Technologies::** HTML, CSS, JavaScript, Node.js
- **Course Work:** Data Structures & Algorithms(DSA), DBMS, OOPs(Object Oriented Programming), Operating Systems(OS)
- **Tools:** VS Code, Github, Postman
- **Soft Skills:** Adaptability, Time Management, Good Communication Skills

ACADEMIC PROJECTS

- **Bank Token Management System:**
Tech Stack: Spring Boot, Java, MySQL, React.js <https://github.com/Moulika-21/bank-token-booking-system>
 - **Description:**
 - Designed and developed a full-stack, scalable token management system to optimize customer flow and reduce wait times.
 - Implemented a robust backend with REST APIs for user authentication, token booking, cancellation, and status management.
- **Blogging Platform:** <https://github.com/Moulika-21/Blog-Application>
Tech Stack: Node.js, Express.js, HTML, Bootstrap, MySQL
 - **Description:**
 - Developed a modern, mobile-friendly blogging platform with HTML5, CSS, and Bootstrap emphasizing responsive web design, clean UI layouts, and user interactivity.
 - Created custom components, forms, and cards for post creation and commenting. Focused on frontend development best practices, semantic HTML, and cross-device optimization to enhance user experience.
- **Text-to-SQL Bot(GenAI):** <https://github.com/Moulika-21/Text-to-sql-LLM>
Tech Stack: Generative AI, Streamlit, Python, SQLite3
 - **Description:**
 - Integrated Gemini LLM to dynamically convert user prompts into SQL queries internally and return only the query results to users. Used Streamlit to create a simple UI for input prompts and result display, enhancing accessibility for non-technical users

ACHIEVEMENTS

- **Earned a certification in Java programming fundamentals on HackerRank.**
- **Infosys Springboard :** Completed a comprehensive course covering core data structures (arrays, linked lists, trees, graphs) and algorithms using Java.
- **LeetCode 100 Days Badge:** Awarded for consistent daily problem-solving in data structures and algorithms.
- **Google Developers:** Participated in a workshop on Git & GitHub and a UI/UX Design Workshop

LEADERSHIP & MENTORSHIP

- Selected as a Coding Mentor to guide and assist junior students in data structures, algorithms, and logical problem-solving.
